

Bravo Brio Restaurant Group, Inc. Provides Business Update

June 8, 2017

Obtains Waiver Agreement for Credit Agreement

Company to Present at Two Investor Conferences

COLUMBUS, Ohio, June 08, 2017 (GLOBE NEWSWIRE) -- Bravo Brio Restaurant Group, Inc. (NASDAQ:BBRG) (the Company), owner and operator of the BRAVO! Cucina Italiana (BRAVO!) and BRIO Tuscan Grille (BRIO) restaurant concepts, today provided a business update.

Current Performance

Brian O'Malley, President and Chief Executive Officer, said, "We continue to see sequential quarterly sales improvement in our core restaurant base and remain cautiously optimistic that we will see that improvement continue as the year progresses. Guests are reacting positively to our enhanced menus, expanded banquet facilities, and are also taking greater advantage of our off-premise to-go and delivery options. We are further encouraged by the traction we are gaining through our updated training program test which is centered around elevating the dining experience."

Waiver Agreement

The Company and Wells Fargo Bank, and certain lenders under the Company's credit agreement entered into a waiver agreement. The waiver agreement provides a limited waiver of certain events of default by the Company under the credit agreement relating to the Company's non-compliance with the consolidated lease-adjusted leverage ratio contained in the credit agreement which arose out of the Company's requests for, and borrowings of, loans made during the second quarter. Pursuant to and subject to the terms of the waiver agreement, the required lenders waived such existing events of default.

Jim O'Connor, Chief Financial Officer, said, "We just obtained a waiver to our credit agreement and we are working diligently with our lender to amend our existing credit agreement, which we expect to have completed by the second quarter earnings call. While we expect to be in full compliance with our current credit agreement by the end of the second quarter, the amendment should provide us additional financial flexibility as we continue to see our operating performance improve."
